

MUSIC IS BACK!

On Thursday last week, our GCSE Music students were able to safely return to the Music Department for the first time since April! It was a really happy occasion and the students were over the moon to see our newly updated ICT suite which they'll use to compose music over the coming weeks and months. Now containing 22 PCs with online recording software and specialist MIDI keyboards, our Music ICT suite was expanded over the summer with purpose-built shelving by the site team. Many thanks go to all the staff who have worked behind the scenes to create this incredible space so our students can be musicians again. With this, alongside our recording studio, sound-proof drum room, and whole class keyboard suite, it's no wonder we have the biggest Music GCSE uptake KHA has ever seen. Keep an eye on the "Challenge, Support, Inspire": KHA Arts' section of our website to hear the fantastic music being created by our talented students. If anything can clear those Covid-19 blues, it's the sound of young people making music again. Watch out for news of year 9 returning soon as well!
