

## NCS Summer Update

Good Afternoon,

Hope you are well and this email reaches you.

Just want to thank you for all your help throughout the year in promoting NCS within the school. As you might expect, it is unfortunately not possible for us to run NCS as normal this summer due to the COVID-19 Pandemic. We appreciate that many young people have not yet been able to return to school and have missed out on several important occasions over the past few months because of COVID-19. However, our NCS Team have been working hard over the past couple of months to develop an exciting opportunity for any young people aged 15-17 from the school.

We have developed a new programme called **Keep Doing Good** which allows young people to get involved with local charities, support community projects, and make a real positive difference to their local communities. This opportunity is free for all young people ages 15-17 as well as any previous NCS graduates who wish to get involved.

I have attached a copy of our Keep Doing Good promotional flyer and it would be great if you could send this out to all of the Year 11 and 12 students and their parents as we would love for as many young people as possible to benefit from taking part in Keep Doing Good this summer. I have also attached a photo for you to use on your social media if possible using the following caption; '15-17 yrs old? It's time to Keep Doing Good, sign up for @NCS' 'One Million Hours of Doing Good'. Post lockdown the UK is going to need a little help to get back on its feet. All it'll take is a big No We Can attitude and a little bit of your time. <https://wearencs.com/keep-doing-good>.'

If you have any questions please feel free to ask and we really appreciate your help getting the word out.

Many Thanks,  
Lucy Jones  
National Citizen Service (NCS) Recruitment Lead
