YEAR 9 ARE YOU INTERESTED IN ENGINEERING? DO YOU LIKE MAKING THINGS? YES, THEN THIS OPPORTUNITY IS FOR YOU...

RAF Humanitarian Engineering Online Course - in October Half Term 2021

Tuesday 26th to Friday 29th Day one: 9.30am to 1.00pm
Remaining Days: 10.00am to 1.00pm

Last nine of our eight of year 9 girls grasped the opportunity, took up the challenge and had a great time.

Booking is now open for **all students - year 9** to sign up to this **FREE RAF Humanitarian Engineering** online course. (Spaces are limited)

You can discover where engineering can take you on this RAF supported online engineering course based on true to life humanitarian type missions undertaken by RAF personnel.

Working with the RAF, you will undertake a series of humanitarian engineering challenges hosted within an online learning platform; **RAF personnel will be on-hand to offer support and guidance.** Explore how engineering can have a positive impact on the world with all the resources provided for you.

The application closing date is Sunday 26 September 2021 after which student data will be passed to the RAF for the selection process. **Successful applicants will be notified by The Smallpeice Trust week commencing 4 October 2021.**

At the bottom of the the application form you do need to submit a **150 WORD STATEMENT** on why you want to attend this RAF STEM course and what you hope to get out of it. Top Tip: Read all the information about this course and why you think you will enjoy it and how by completing it you think it benefit you in the future.

Apply now, it's easy. You will need to fill in the application with your parents.
You will need to have this info to complete the form:

- Student details
- Parent contact number and address
- School name and address (you can find this on our website)
