[November 2020: In the zone - taking study to the next level for years 10 to 13 | Make Happen](#)

Make Happen has teamed up with MADE training - to provide you with the tips and skills that you need to prepare for your exams. Whether you're facing end of unit assessments, mocks, or finals, our aim is to help you get the best results you can!

In this session, MADE training provide you with 40 minutes of top study skills tips. Then, the Make Happen team will give you a little more information and some top tips about mock exams and how to capitalise on your results. We'll also cover how those precious transferable skills are linked to exams.
