

4<sup>th</sup> November 2020

Dear Parents & Carers

It is now mandatory for students to be wearing face masks when moving between classrooms and around the school. This is not in any way optional and this matter is something that the school will be taking extremely seriously.

All students must come to school with their own face mask. If they wear one to school then they must take it off and wear a different one once in school. Disposable masks worn on the way to school must be disposed of in the bins provided and a fresh one used in school.

The school will not supply free masks, but masks will be available in to purchase from Pupil Services for 30p each.

If you believe that your child has a medical reason why they should be exempt from wearing a face mask, then this will need to be verified by a medical note unless the school already has that information.

Students who have an exemption will be provided with a card that they can show to teachers when challenged.

Students who refuse to cooperate in this matter will be sent home.

We thank you for your continued support in this matter and should you have any questions regarding the wearing of face masks, then please do not hesitate to contact the school office.

Kind regards

Mr Steven Fisher  
Executive Headteacher
