Be A #NeuroNinja In Learning & Life From Action Your Potential
10 Webinars in 10 Weeks – [to sign up click here.](#)

It's been such a challenging time. This New Year has begun in such a difficult way, another Lockdown and in January, a very bleak month of the year.

We're always here for the children, parents, young people and staff we support. We wanted to offer practical help to everyone we support. Back by popular demand, 10 Webinars all about your amazing brain, in 10 Weeks. We'll focus on practical, everyday habits to transform our relationship with ourselves, each other, our learning and our well-being. Being a #NeuroNinja means understanding your brain and mind and using that understanding to change your life.

We'll come out of this pandemic one day in the not-too-distant future, enter that new world as a new you and support your children to do the same.

To sign up, [click here](#), if you can't access the webinar live don't worry, we'll put a recording on our website for you to access.
